

WOMAN ARRESTED FOR AN ASSAULT UPON ANOTHER

ROCHESTER POLICE BELIEVE A POISON PLOT EXISTED IN THAT CITY.

LOOKING FOR HER HUSBAND

Who They Believed Assisted Her in Pouring Belladonna Down Mrs. Johnson's Throat.

Cleveland, April 17.—Mrs. Blanche Leavitt Bourdelle, was arrested here today on a request from the Rochester police. She is charged with an assault on Mrs. George Johnson. The Rochester police charge that Mrs. Bourdelle and Johnson were very friendly and that the woman, under arrest, seized Mrs. Johnson and poured belladonna down her throat. Mrs. Bourdelle denies the charge. The police are also after Johnson, who, they say, left Rochester with the woman and who is charged with assisting in the poison plot.

PRESIDENT WILL NOT INTERFERE IN CASE

Washington, April 17.—Neither the President nor the attorney general are disposed to interfere with the processes of the grand jury at Boise, which has been finding indictments against Senator Borah, of Idaho, in connection with land cases. District Attorney Ruick is now on his way to Washington and will be able to enlighten the department of justice on the subject.

FOR BREACH OF PROMISE.

Akron, O., April 17.—Miss Eva D. Lambright of Toledo, has sued John H. Cook a prominent Cuyahoga Falls merchant, for \$10,000 for breach of promise.

THOUGHT IT WAS CANDY.

Mogadore, April 17.—Ruth Martin, 4 years old, ate a bottle of strychnine pills for candy. She died in 30 minutes.

MADE CONFESSION TO THE MURDER OF COCKRILL

Lexington, Ky., April 17.—John Smith, charged with the assassination of Dr. B. D. Cox, went on the witness stand and fully confessed to the assassination of Jim Cockrill, saying that Britton was not present, but that he, Curt Jett and John Abner killed Cockrill; that Smith fired once, Jett four times and Abner three times.

WOOSTER MURDER TRIAL.

Wooster, April 17.—Allen Miller, indicted with two others for the murder of Thomas Dye at Orrville, one year ago, was placed on trial today. Slow work in getting a jury.

JUMPED THE TRACK FIVE WERE INJURED

Columbus, April 17.—A big derrick car on the Hocking Valley wreck train, jumped the track on a curve today. Five were injured, one seriously.

GUNDERSON ARRESTED.

St. Paul, April 17.—John Gunderson, discharged employe of the Northern Express company, accused by Clerk Zimmerman of stealing \$25,000 from the company's safe at the Union depot last night by forcing Zimmerman at the point of a pistol to open the safe, was arrested. The money was not recovered. The police say the money has been "planted."

DEPOSITS INCREASED IN THE U. S. BANKS

Washington, April 17.—The individual deposits in the National banks of the United States have increased almost \$154,000,000 in two months. They increased almost \$292,000,000 since last spring.

Columbus, April 17.—A committee of prominent Zanesville sportsmen will visit the Governor to ask that the entire state game and fish commission be ousted.

FORMER FEDERAL CONTROLLER WHO DIED SUNDAY.

JAMES H. ECKELS.

CHICAGO, April 17.—James H. Eckels, president of the Commercial National bank and former Controller of the Currency, was found dead in bed at 9:40 at his home No. 18, Ritchie place. Physicians declared that Mr. Eckels had died of heart failure, death having probably taken place about 1:30 in the morning, while he was asleep. He had been a sufferer from heart trouble for more than nine years. He was a little over 48 years old.

VOLCANIC HORROR IN SPAIN FOLLOWS EARTHQUAKE DISTURBANCE

Mexico City, April 17.—Late reports from all over Mexico increase the damage from the recent earthquakes. At least seven cities have been destroyed. Much suffering followed the quake as people have fled from the ruined cities and are living in fields, almost without food. No details as to the loss of life are yet obtainable, but it is believed to be heavy.

Mexico City, April 17.—According to the latest available information from various points in southern Mexico, which are as yet meager, the death list as a result of the recent earthquake will aggregate 38 persons and the list of injured persons will total 93, although when complete reports are received it is expected that both the list of dead and wounded will be greatly augmented.

Chilpancingo, with incomplete reports, shows 12 persons dead and 30 wounded. Chilpan reports 14 dead and 89 wounded. Tixtla reports 12 dead and 24 wounded.

Owing to the remoteness of many small towns in the affected region, it will be some days before complete reports of the disaster can be received. Heavy shocks continued on the west coast until Tuesday. Late news from the area of greatest destruction in the recent earthquake shows that the devastation wrought was greater than at first supposed. Besides the destruction of the cities of Chilpancingo and Chilapa, it is now reported that the city of Tixtla, between the two cities above named and containing about the same population as Chilpancingo (7,500), was also leveled to the ground, and messengers from the coast who have reached Chilpancingo say that the towns of Ayutla and Ometepe have been wiped off the map. Ayutla is about 50 miles south of Chilpancingo, in the state of Guerrero, and some 20 miles west of the port of Acapulco. Ometepe is farther south, near the boundary line of the states of Guerrero and Oaxaca. It is a town of about 4,000 inhabitants, and it is feared that the loss of life here may be heavier than at Ayutla. Tixtla, a town 80 miles west of Chilpancingo and near the border line of the state of Oaxaca, is also reported to have been wiped out.

INSURANCE BILL IN ARKANSAS

Little Rock, April 17.—By a vote of 42 to 36 the Browning-Lee insurance bill passed the house, after a contest that had been waged on the floor for several hours. The bill excepts from the provisions of the King anti-trust law such old-line insurance companies as are not in a combination to control the prices of their premiums within this state, regardless of their attitude in other states. Under the broad provisions of the King anti-trust law no corporation or company that was affiliated with any organization to control prices anywhere could transact business in Arkansas. The old-line insurance companies were forced out of Arkansas four years ago by the King anti-trust law, and they will now return.

ATTEMPT TO WRECK TRAIN.

Hamilton, April 17.—An attempt was made to wreck a Cincinnati, Hamilton & Dayton passenger train at a curve here last night. Telephone poles were piled on the track. The obstruction was discovered in time to prevent a disaster.

London, April 17.—The province of Murcia, Spain, was the scene of violent earthquake disturbances. The towns of Totona and Lorea were badly damaged.

VOLCANIC HORROR.

Valparaiso, Chili, April 17.—Meager advices received today indicate that Southern Chili is in the throes of a volcanic horror almost as terrifying as the earthquake disaster of last year. Gigantic forest fires have been started by the hot lava and hundreds of persons are fleeing from their homes.

ST. LOUIS COUNSEL WILL APOLOGIZE

Washington, April 17.—Charles A. Ekstromer, the Swedish vice consul at St. Louis, whose exequatur recently was withdrawn because of a letter written by him reflecting upon Mr. Cortelyou while the latter was postmaster general, appeared at the White House to seek an interview with the president. Secretary Loeb heard what he had to say and suggested that he reduce his statement to writing and submit it to Secretary Root. Mr. Ekstromer then called upon Acting Secretary Bacon at the state department and arranged to leave with him a full explanation in writing of what he had done, with an apology as a basis for his plea that his exequatur be restored.

SOMEONE STOLE \$10,000.

New York, April 17.—A registered package containing \$10,000, forwarded by the Atlantic bank of Wilmington, N. C., to the Chemical bank of this city, was abstracted from the registered letter bag during the journey.

FIRST ACTION MAY BE TAKEN FOR THAW'S BAIL

ATTORNEY O'REILLY GIVES OUT A STATEMENT PRESUMABLY OFFICIAL

DEFENDANT STILL CONFIDENT

That at His Next Trial He Will be Acquitted—Evelyn Makes No Comment.

New York, April 17.—With the return of Jerome from Lakeville today, it is expected the first steps will be taken looking to the securing of Harry Thaw's release on bail.

Attorney Dan O'Reilly announced he expected a conference with Jerome regarding bail immediately. If Jerome refuses O'Reilly will make an application and fight the matter out before the Judge. It is probable that habeas corpus proceedings will be instituted.

Evelyn Thaw today refused to comment on the statement issued by her mother, Mrs. Holman. Harry Thaw today was in good spirits. He has reconciled himself to the idea of spending another summer in the Tombs.

Wants Thaw Sent to Asylum.

Rome, April 17.—An interview with A. Blair Thaw, a half-brother of Harry K. Thaw, who is spending the winter here with his family, is published in a local newspaper. Mr. Thaw said he hoped that the lawyers for the prosecution and the defense would agree in a request that Harry Thaw be sent to an asylum.

EXPULSIONS MAY FOLLOW.

Hiram, April 17.—Expulsions are likely to follow the discovery of the corpse used by Hiram college students for dissection purposes, hanging at the entrance to the college building. The buildings were decorated with crepe and funeral notices were posted over town.

SECRETARY TAFT IN PORTO RICO MAKES A SPEECH

But Does Not Mention the Question of Citizenship Recommended By Roosevelt.

Caguas, P. R., April 17.—Secretary Taft and his party stopped here on their way from San Juan to Ponce. The city was decorated with American and Spanish flags and a large crowd of people from the surrounding country gave the secretary a cordial greeting. The alcalde in his address of welcome did not refer to the citizenship question. Mr. Taft in his reply felicitated the country on its prosperous condition. Caguas is the most important city on the island, and its inhabitants have been most persistent in their demand for American citizenship. Mr. Taft did not mention the question at this place, where President Roosevelt spoke strongly in favor of it.

STRING OF WIVES WILL STRETCH ACROSS THE CONTINENT

Philadelphia, April 17.—Almost every hour adds to the list of "wives" of James Williams, a remarkable bigamist, whose career the police are busy investigating. The officers say there is a chain of "Mrs. Williamses" stretching across the continent, and it is believed the number will jump nearly to 100.

DISCOVERY OF COAL

Wheeling, April 17.—Jas. White the West Virginia state geologist, has completed his test which shows that all Pan Handle counties of West Virginia, along the Ohio river and the counties of Belmont and Jefferson in eastern Ohio, are underlaid with a vein of coaling coal equal to the famous Pennsylvania field.

JAPANESE ARMY OFFICER STUDYING SOUTH AMERICA.

CAPTAIN M. ITAMI, WIFE AND CHILD

CARACAS, Venezuela, April 17.—The arrival here last week of Captain M. Itami, of the general staff of the Japanese army, on a special mission from his government to Venezuela and other South American countries, for the purpose of making a detailed study of "everything related to their institutions, army, navy, population, territory, climate, commerce and industries," as he himself says, has created a great interest in Caracas. This is perhaps because Venezuelans have closely followed the recent Japanese-American diplomatic discussion over the California schools.

TRIBUTE GIVEN TO W. J. BRYAN AT A DINNER

New York, April 17.—With William Jennings Bryan as the chief attraction, the Democracy of Brooklyn, in observance of the anniversary of the birth of Thomas Jefferson, engaged in an enthusiastic Democratic reunion and demonstration. The function was the annual dinner of the Brooklyn Democratic club. Mr. Bryan delivered a characteristic discourse, taking for his subject "Thomas Jefferson." E. M. Shepard paid a tribute to Mr. Bryan and expressed the hope that Mr. Bryan would lead the party in 1908. Cheers followed Mr. Shepard's announcement. Mr. Williams of Massachusetts discussed the question of the government ownership of railroads. He said, "I see no escape from the conclusion that, if government ownership is right, it should be adopted now; if regulation is wrong, it should not be attempted at all." Mr. Williams believed that regulation was not right, not possible and not expedient.

THE LEGALITY OF TWO CENT FARE LAW

Is to be Questioned in a Suit Brought in Equity in the Courts of Indiana.

Indianapolis, Ind., April 17.—A suit in equity, apparently to test the legality of the 2 cent fare law in Indiana, which went into effect April 10, was filed by Anna M. Boyle in the United States court. The Indiana state railroad commission and the state of Indiana are made defendants. Anna M. Boyle is a stockholder in the Louisville, New Albany & Corydon railroad, which is 12 miles long. The charge set forth in the complaint is that if the new law is enforced the Louisville, New Albany & Corydon railroad, which now has a fair cash value of \$156,679, would not be worth \$50,000.

STEAMER STILL UNREPORTED.

Philadelphia, April 17.—The liner Noordland is still unreported at the maritime exchange. It is three days overdue. The vessel carries 80 cabin passengers and 850 steerage. It is thought the recent heavy gales have retarded the progress of the vessel.

At Chicago, Mrs. Sarah L. Albaugh, 70, a widow, was taken with apoplexy while standing near the window in her bedroom and fell head first through the glass, severing the jugular vein. She is dead.

CHICAGO POLICE ASKED TO GIVE TO DUNNE'S FUND

Chicago, April 17.—Further disclosures were made to the civil service commission which is investigating the alleged debauching of the Chicago police department by former Chief of Police John M. Collins, in an effort to bring about former Mayor Dunne's re-election. Police Inspector John Wheeler told about receiving an order from Collins to have the men under his charge subscribe to a campaign fund in the interest of Mr. Dunne. The inspector declared he felt at the time that he should obey orders and that he and his men paid into the campaign fund over \$2,000, and that he had been criticised by his chief because the collection was so small.

WEALTHY CITIZEN HELD AT CHICAGO

And Arraigned Before U. S. Commissioner on an Embezzlement Charge.

New York, April 17.—Louis Gourdain, a wealthy resident of Chicago, was arrested by a United States marshal and arraigned before United States Commissioner Shields upon a warrant issued by the federal courts of Chicago. Gourdain was arrested in Chicago recently, charged with complicity in a green goods swindle. He was convicted, but appealed, and the appeal is still pending. The convicted man wished to serve his sentence pending the appeal, and demanded that the warden of Joliet prison lock him up. This latter request he refused to do, and Gourdain threatened to build a prison in Joliet and imprison himself, but his lawyers and relatives persuaded him from doing so. The federal authorities in Chicago later decided to take Gourdain into custody.

NEGRO LYNCHED IN LOUISIANA

Eola La., April 17.—The sequel of the shooting of five white men and two negroes at Bankie, La., last Sunday, was the lynching of the negro Charlie Strauss, near here. A party of masked men took him away from the deputies who had arrested him, and it is said that the deputies offered no resistance. The negro was taken into the woods and hanged to a tree, after which many shots were fired into his body. He made no statement about the attempted rape with which he was charged. This was the second attempt in two days to lynch Strauss, the first one on Sunday night having resulted in the serious wounding of five white men. Strauss had been taken from the Bankie jail and escaped during the almost total darkness, while his captors were shooting at random. It was also alleged that negroes fired into the lynching party.

DRUG COMBINE ARE DECEIVING INNOCENT PUBLIC

AND SECRETARY WILSON PROMISES TO TAKE DRASTIC MEASURES.

TO ABATE THE GREAT EVIL

He Says if Misrepresentation Does Not Cease the Agricultural Dept. Will Take Action.

Washington, April 17.—Secretary Wilson of the agricultural department promises drastic action against manufacturers who fraudulently advertise that the federal government is guaranteeing their wares. He said: "If this outrageous misrepresentation does not cease, the department will publish a list bearing the names of manufacturers who are indulging in this campaign of deception."

Wilson's remarks were brought forth by the fact that there had come to his knowledge information that a number of manufacturers of foods and drugs were freely advertising that the United States government was guaranteeing their products. The secretary said that the serial number and guaranty required by the pure food and drug act to be placed on food and drug products were being used by these manufacturers for this very purpose. "The serial number," said Secretary Wilson, "is assigned to fix the responsibility where it belongs—upon the manufacturers—and to protect innocent dealers, who have a right under the law to rely upon his guaranty. It is the guarantee of the manufacturer, not the guarantee of the government."

The secretary declared that every effort would be made by the department to put a stop to these statements. "I will do a little advertising myself," he said, "in behalf of the people. I am growing tired of seeing these untruthful statements on the advertising pages of the magazines, the walls of the New York subway and the advertising space of the streets of the principal cities. Manufacturers who will deceive the public about the guaranty will lie about the quality of their product." He added that the law was to be administered fairly and that no honest manufacturer need fear that the department will take "snap judgment" on him or harass him in any way.

LABOR LEADERS ARE FOR PEACE

Powderly and Gompers Spoke at the Big Meeting in Cooper Union Tuesday Night.

New York, April 17.—At the big peace meeting held in Cooper Union, Joseph R. Buchanan introduced the speakers, who included Terence V. Powderly. The meeting had for its general topic "Organized Labor in Relation to the Peace Movement."

Samuel Gompers said: "It takes more courage today to engage in the silent, patient sacrifices of life than it does to go into the carnage of war. Today, thank God, the white flag no longer indicates a yellow streak, and it requires courage for a man to say 'peace' instead of war."

Another session of the congress was addressed by a number of prominent women, including Miss Jane Adams, Mr. Ellen H. Frothingham, Mrs. Lucy Ames Mead and Mrs. Frederick Nathan. Letters were read from Mrs. Julia Ward Howe, William Archer, one of England's foremost dramatic critics, spoke. There was also a young people's meeting at Carnegie hall. The congress will close today.

Things intelligence and culture are the things which the universities can contribute to the cause of universal peace was the consensus of opinion of the college presidents who spoke at Carnegie hall, at the university meeting of the peace congress. Vice Chancellor Roberts of Cambridge university and pro Vice Chancellor Rhys of Oxford were the two foreign educators who spoke. President John Finley of the City college of New York and Dr. Felix Adler also spoke.

Y. M. C. A. PRESIDENT REPORTS

CONDITION OF THE INSTITUTION

The Past Year Has Been a Most Successful One and Several Departments Have Shown a Notable Increase in Membership—Report in Full.

At the annual meeting of the members of the Young Men's Christian Association held last week, ten men were elected to the Board of Trustees. Thirteen names were on the ticket of which the following received the largest number of votes: J. D. Simkins, Harry Scott, E. S. Randolph, Geo. T. Streams, E. T. Rugg, Thos. F. Coulter, Dr. W. S. Turner and J. M. Keckley.

The following is the annual report of the president:

The year just closed has been a very successful one, and very gratifying in many respects. Every department has held its own and in some others has been a notable increase, regardless of the fact that we have had to contend this year against many very unfavorable conditions.

The spirit of the board has been to fearlessly promote a progressive policy, carefully adjusting the work to meet present conditions among boys and young men. Several new features have been tried which in every case have proven valuable and desirable, either as a permanent policy or in the way of suggestion of lines of work possible.

The absence of a regular assistant secretary has greatly handicapped the work. Eight different men have served in this capacity as supply men the last nine months. This has naturally greatly handicapped the efficiency of the employed force. Coming at the time of a change in the general secretaryship, made it especially unfortunate. This, together with a slump in the employment of men at one of our large factories, has affected somewhat the membership work. However, by the loyal co-operation of the members, the membership roll has held its own. Marked increase has been seen in the educational work. Boys' Department, and social life about the building.

For the splendid success of our Association we return thanks to our Heavenly Father, under whose guiding hand we have been led, blessed and prospered.

We also express our gratitude to our friends who by their gifts their prayers, and their encouragement have made it possible to carry on this work. We respectfully submit the following statement of the different departments:

MEMBERSHIP.

The membership roll corrected to date, shows 722 members. Of these, 438 are regular senior members, 50 limited memberships and 134 Juniors. The one week campaign in January brought in 115 new members. Aside from this no large membership campaign was conducted, preferring rather to encourage the members to make a year-round effort to interest their friends in the Association. To encourage effort during the summer a 50 cent bonus is offered to each member securing a new member.

The decrease in membership receipts is due to the fact that the 181 members joining last March were given a 15-months membership, hence no fees were received from them during the last fiscal year.

PHYSICAL.

The records in this department show a gradual and healthy increase in interest in body building and wholesome recreation. Special attention is given to adapting the work to the different ages and seasons. Notable increase is manifest in the summer work. The Physical Department report gives the following results of the work from April to October 1 1906:

Men and boys registered in base ball leagues 173

No teams registered in base ball leagues 16

No. games played in base ball league 93

Outings during summer 15

Number participating 1315

No. times ball and pool used by members 3606

STATEMENT OF FALL AND WINTER WORK FOR 6 MONTHS.

Total No. using gymnasium 6517

Total No. of classes 252

Total No. using gym outside of class hours 1407

Total No. league and match games basket ball 17

Total No. Grammar school indoor base ball league games 25

Total No. games played on bowling alleys 3435

Total No. times members enjoyed Physical Dept. privileges 13950

Total No. baths taken 10517

Number of members in different gym classes:

Junior 107

Intermediate 60

Senior 37

Business Men 24

Total 303

Mr. Ludwig, the physical director, gives a large part of his time in attempting to supply wholesome and clean athletics for the boys and young men of the city. The Grammar and Industrial leagues do much towards holding the youth, winter and summer, to clean sport.

EDUCATIONAL.

Ninety-one different men are enrolled in six different classes. English for Foreigners. Employed Boys

DESIGN FOR PLAID OR CHECK SILK.

A brown and white check silk was used for the model pictured, the bodice of the gown showing little revers and small inset pieces of plain brown silk. Buttons covered with brown silk were also used as ornamentations. An original feature of the gown was the way in which the check was used on the skirt, the narrow front panel being cut bias and the rest of the skirt straight. Two bias bands were used to finish about the bottom

Course, Architectural Drawing, Mechanical Drawing, Arithmetic and Business Correspondence. This is by far the best year we have had in Educational work. There has been an increase of 25 per cent. in enrollment, 80 per cent. in attendance, and 125 per cent. in receipts over the best previous year.

The above is due largely to the fact that the Y. M. C. A. began in January to conduct an apprenticeship school for the B. & O. R. R. shops in which 52 men are enrolled. This is a splendid endorsement of the efficiency of the Night School.

SOCIAL.

"It is impossible to reduce to figures the extent or value of the social life about the Association. Every department of the work has its social value in mixing and mingling men of different or like tastes.

Thirteen distinct social functions were held which were attended by 3671. This includes a number of suppers and banquets during the winter.

At the New Year's "open house" nearly 2,000 people attended. The "Spa" proved a popular little lunch room during the early winter, but was abandoned after Christmas to make way for the increased interest in games, where checkers and chess daily form a pleasant pastime.

Possibly the greatest innovation this year was the installation of pool and billiard tables.

The popularity and value of this experiment to the Association and the young men has more than justified this move. Since their installation attendance at the building has more than doubled. It has helped greatly in interesting and holding the young men, and financially it nets the Association quite a nice income monthly. Two thousand and nine times the tables have been used since they were installed three and one-half months ago. It has been discovered that nearly all the young men had played the game before, and we are sure that they have been helped by making it possible for them to play at the Association.

RELIGIOUS.

Emphasis has been laid this year on Bible study, the training and selecting of men, and a study of the field relative to adopting a more comprehensive and positive type of religious work. The presenting the life of Christ to the thousands of men outside of our churches is the work the Association covets for itself. A work that requires careful and prayerful preparation and consecration.

Thirteen religious meetings had an attendance of 2435. Twenty-one Bible class sessions, attendance 413.

Thirteen boys' meetings, attendance 1553. The opportunity for personal work is possibly some of the best work done by the association secretaries.

FINANCIAL.

The problem of establishing a contributing constituency has been a difficult one this spring owing to the Board of Trade canvass at the same time, and the slump in business circles. However, \$1,626.00 has been pledged to the current expenses since February 1st, which enables us to pay all of this year's expenses and

pay off \$417.00 of last year's deficit, which was caused by the impossibility to make a canvass last year.

Granville, O., April 17—The concert given by the Denison University Glee Club in Recital Hall Tuesday night, was one of the most delightful musical events of the spring season, thus far, and was greeted by a large and appreciative audience. The program rendered was as follows:

Winter Song, Bullard, Glee Club. Red Man's Death, Bliss, Glee Club. (a) Song of Hybras, Elliott; (b) To Anthia, Hutton, Mr. Thomas. Serenade, Dressler, Glee Club. The Monk of the Mountain, Bullard Mr. Fox and Glee Club.

A Hero Song, Nevins: The Heavy Frost, Haesche, Glee Club.

Misere from Il Trovatore, Verdi. Miss Montgomery and Mrs. Parsons. Soldiers' Chorus from Faust, Gounod, Glee Club.

Solo, Selected, Mr. Legler with Mr. Sargeant as accompanist. Alma Mater, Glee Club.

The Glee Club this year, thus far, has been most successful, and the program rendered on Tuesday evening was one of unusual merit. The songs by Mr. Legler, whose ability as a sweet singer is well known, were a rare treat to those present and were greatly enjoyed. The "Monk Song" by Mr. Fox was very pleasing and all the numbers were heartily applauded. The solos of Mr. Parsons especially, were most pleasing as were the solos of Mr. Thomas.

The Glee Club's manager this year is Mr. Arthur B. Chaffee and its director is Mr. Arthur Leroy Tebbis of Dayton, who is most efficient in his line. Mr. John Walter Beattie is the leader of the club which is composed of the following well known Denison university students:

Tenors: John Walter Beattie '07, Harry G. Pamment '05, Charles W. Thomas '10, R. S. Rockwood '07, Earl Foot '09, Fred E. Walt '10.

Bassos: Carlton Atwater '07, Robert Luse '07, Ellis P. Legler '07, Linn W. Hattersly '09, I. Howard Thomas '08, Thomas D. Reece '09, Walter Livingston '09, Paul Fox '09. Carl Page Wood accompanist, Milton Parsons trombone, Leroy Sargeant harp.

Use 1/3 Less Baking Powder

Egg Baking Powder has 50 per cent more leavening power than other kinds.

Thus you can use 1/3 less baking powder if you use "Egg."

And that's only the beginning of its economies. You see, Egg Baking Powder is dried white of egg and wheat phosphates, and because of the egg that's in it, you save 1/2 the eggs used in baking with ordinary baking powders. The saving in both baking powder and eggs amounts to considerable money in the course of a year.

And for good measure, Egg Baking Powder also saves you all the worry because it insures against failure. It is a guarantee that you will bake light, wholesome and delicious biscuits, muffins and griddle-cakes; cake that you can be proud of.

Best of all, Egg Baking Powder saves health because it is composed of the very elements needed to build up healthy bodies—the essence of Eggs and Wheat. No cream of tartar, tartaric acid, alum, or other irritating poisonous substances.

Egg Baking Powder leaves no sediment—no baking powder "taste."

It brings out the best there is in the flour and makes baking day a pleasure. The great railroad and steamship companies and the finest hotels buy Egg Baking Powder, because of its high quality and wonderful economy.

Pure Food Commissioners, noted physicians and chemists testify to its purity and healthfulness.

The Egg Cook Book, sent free for a postal, tells you about many new appetite tempters. Send today. Best grocers sell Egg Baking Powder.

ADVICE TO RHEUMATICS

Noted Physician Tells How to Prevent and Cure Rheumatism, Kidney and Bladder Troubles.

From Chicago Tribune
(By George Edmund Flood, M.D.)

We are in danger of becoming a nation of invalids because of the rapid increase in the number of persons afflicted with Rheumatism, Kidney, Bladder or Urinary Trouble in some form. "How to prevent and cure these afflictions, which have become almost epidemic in America," is the question I have been asked and will answer briefly.

It is an established fact that Rheumatism is due to Kidney Trouble. With the kidneys properly performing their functions there would be no Rheumatism. Therefore, let us get at the root of the trouble and remove it.

In the first place, Americans as a rule eat too much—if not too much, too rapidly. Many of us not only eat too much and too rapidly, but we eat too great a variety of foods, which are not only hard to digest, but almost worthless so far as nutrition is concerned. Then we drink too much of every liquid except water, and too little of good, pure water. What happens? The kidneys become clogged up despite their desperate efforts to carry out of the system the vast amount of useless waste which we take in. The result: This waste and poisonous material remains in the system, is carried through it by the blood, and makes the most fertile soil in which the germs of Rheumatism are deposited and mature.

The situation is a serious one, yet the remedy is simple. If you would avoid Rheumatism and Kidney and Bladder Troubles be moderate in the consumption of heavy, rich foods, substitute as far as possible soups, broths, fresh milk, and drink plenty of water—lots of water—and often. Take plenty of time to eat, and don't eat after you have had enough, even if it does taste good. If your work is confining take a moderate amount of exercise each day in the open air.

Of course, neither diet, water, rest, nor exercise will cure these afflictions. I advised them as preventives only. For the benefit of the readers of this article who are now afflicted with Rheumatism, Kidney, Bladder or Urinary trouble, and desire to be cured quickly, I give below, complete in every detail, the famous prescription which has made me so successful in the treatment of these diseases. It is the most certain cure for these diseases that I have ever used. It is pleasant to take, it is not expensive, it can be filled by any druggist, and I believe it is the greatest prescription for Rheumatism, Kidney and Bladder Trouble ever written. It is also a valuable spring tonic and blood purifier. If you are a sufferer, save this, take it to your druggist and have it filled, or get the ingredients and mix them at home. Fluid Extract Cascara Aromatic, 1-2 ounce; Concentrated Barkola Compound, 1 ounce; Fluid Extract Prickly Ash Bark, 1-2 drachm; Aromatic Elixir, 4 ounces.

Adult dose, take one teaspoonful after meals and at bedtime; children, one-fourth to one-half teaspoonful after meals.

After you are cured follow the advice I have given you in regard to diet, exercise and water, and you will not need the services of a physician again for these ailments.

BEAUTIFUL RUGS

Made From Old Carpets by New and Patented Process—Plant in Operation.

The new plant recently installed by Frank Mylius for the making of rugs from old carpets is meeting with much success. The patent power weaving loom and other machinery used to manufacture the rugs better and nicer, and beats the warp tighter and more even than when done by hand looms. In short it makes a perfect fluff rug.

It is now no longer necessary to send out of the city to have your rugs made. A telephone message over either phone to Frank Mylius, compressed air carpet cleaner, awning maker and upholsterer and rug maker is all that is necessary. Plant at 100 Moull street. d2t-w-s

GOOD BLOOD CLEANSER.

Mix one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Take in teaspoonful doses after your meals and at bedtime. Also drink plenty of good pure water.

These ingredients can be obtained from any good drug store and are easily mixed by shaking in a bottle.

This is said to be the simplest though safest and most powerful mixture known to purify the blood and rid the system of acids and other waste matter, which produce skin eruptions, sores, boils and other diseases. It is recommended very highly in all Kidney and Bladder affections overcoming the most chronic urinary difficulties.

Now is the time to take it if you wish to insure good, sound health all summer.

FRANK GRAFTER DIED AT HOME AGED 61 YEARS

WAS IN THE UNDERTAKING BUSINESS FOR OVER THIRTY YEARS.

Deceased Had Been Ill Only a Comparatively Short Time, Heart Trouble Causing Death.

The friends of Mr. Frank Graftier were pained Wednesday to learn of his death, which occurred at his home, 80 Harrison street, Wednesday morning at 6 o'clock.

Mr. Graftier was 61 years of age. He was born in Baden, Germany, and came to America, when 7 years of age. Mr. Graftier has resided in this city for a number of years where he was engaged in the undertaking business. For a long time he was associated with Undertaker Robinson. For 22 years he was with Mr. W. H. Scott, then for 12 years with O. Bourner, and for three and a half years was connected with the firm of Bowers and Bradley, now Bowers & Criss Bros.

The deceased is survived by his wife, Malinda, and one son, Edgar, a tailor residing on Tuscarawas street, and one of the firm of Parks & Graftier. Two sisters, Mrs. Allison Myers, of Chicago Junction, Mrs. Charles McDonald of Columbus, and two brothers, George and William, both of this city, survive.

The funeral service will take place Friday at 2 p. m. at the First M. E. church, the Rev. L. C. Sparks officiating. The service will be attended by the members of the German Benevolent Society of which the deceased was an active member.

MRS. SAMUEL MOORE.

Martha Ellen Moore, wife of Samuel Moore, was born at Bladensburg, Ohio, Jan. 31, 1853, and died at her home in Coshocton county, near West Carlisle, Friday night, April 12, 1907, aged 54 years, 2 months and 11 days.

At the age of 18 she was united in marriage to Samuel Moore and for 35 years was his faithful companion. To this union were born three children, Charles Moore of West Carlisle, Allen Moore of Pleasant Valley, and Grace Roscerans of Sunbury, all of whom with six grandchildren, survive her.

She was the youngest daughter of Nancy and Wm. Porterfield and is survived by a brother, Mr. Porterfield of Bladensburg, her sister having gone eight years previous. She was a faithful mother and loved by all. The funeral service was conducted at her late residence near West Carlisle by Rev. H. Russell Cline, and interment in West Carlisle cemetery, in the presence of a large crowd of neighbors and friends whose presence showed the love and esteem in which she was held by all. The family wish to thank all who assisted during her sickness for their kindness.

MISS JOSIE MCCOMB.

Croton, O., April 17.—Miss Josie McComb died at her home in East Palestine on Monday, and the body was brought here Tuesday accompanied by a brother, James McComb.

Short funeral services were held by Rev. D. J. Smith of the M. E. church, and interment was made in Hartford cemetery.

AIRSHIPS FOR JAMESTOWN.

Norfolk, Va., April 17.—Chas. Strobel of Toledo, has signed a contract to bring three airships to the Jamestown exposition. They will fly between the grounds and the warships and carry passengers. Charles Hamilton and Eugene Codet of Ohio will fly the airships.

Towboat Burns.

Charleston, W. Va., April 17.—The towboat Delta, owned by the Monongahela Consolidated Coal company, on the way up the river with a tow of empty barges, burned to the water's edge at Lock 4. Loss \$12,000; no insurance.

THIS AND THAT

The man and his wife who are the star witnesses in the Columbus bribery cases are mysteriously missing and the prosecution has been compelled to postpone the trial in view of such conduct on the part of the State's leading witnesses the question arises to what value can be attached to their evidence, even though they should be apprehended and brought back to court.

The name of the man who predicted the last earthquake has not been announced yet, but here need be no apprehension about it not being found out.

No man gets so much money as to make him feel boastful about the time the assessor calls around.

This late season interferes with the number and size of fish stories.

Andrew Carnegie doesn't seem to think that Roosevelt's big stick is the proper thing at the Peace Conference.

The robins should certainly be furnished with mittens in order to build their nests this weather.

The base ball fans certainly have just cause for their contempt of the weather man.

The flight of those Columbus bribery witnesses is certainly a joke on both the prosecution and certain newspapers of the city that have had to devote so much space to the alleged exposures.

The cold weather is still with us, but cheer up, there's a better time coming.

Had anybody told us that April would have been guilty of such a performance as that of the past week, we wouldn't have believed it.

But then there's the bright side. If we have this kind of weather now the May variety is liable to be different.

A CUP OF GOOD COFFEE

"Fresh Roasted Coffee?—bah! Mother didn't use fresh roasted coffee, she had Arbuckles."

The way to get a good cup of coffee that tastes like Coffee with all the delicious flavor and aroma intact, is to buy a package of the old original Arbuckles' ARIOSA Coffee, and grind it as you want to use it, first warming it a little to develop the flavor and make the grinding easy. Coffee loses its identity as Coffee after being ground or exposed to the air and is easily contaminated by handling.

Arbuckles' was the first roasted packaged coffee.

The pores of each coffee berry are sealed after roasting with fresh eggs and granulated sugar to hold the goodness in and make the coffee settle clear and quickly; an actual application by machinery, of "Mother's" methods—as patented by this firm.

Sold only in packages, sealed for the consumer's protection, containing one pound full weight. Sales for 27 years exceed the combined sales of all the other packaged coffees. The best coffee for you to drink, and saves your money besides.

Same old firm, same old coffee. If your dealer won't supply, write to ARBUCKLE BROS., New York City.

FEAR OF INSANITY

Prominent Resident of Mt. Vernon Ends His Life With a Bullet in His Brain.

Mt. Vernon, O., April 17.—Oscar M. Arnold, aged 71, one of Mt. Vernon's foremost citizens, committed suicide at 1 o'clock Tuesday afternoon by sending a bullet through the roof of his mouth into the brain.

Melancholia depression and fear of becoming insane, was the cause of the deed, which was committed while the other members of the family were out of the room. Arnold fired two shots before the deed was accomplished, the first one entering the ceiling.

He was for 30 years engaged in the queensware business in this city, retiring in 1884, and living a retired life ever since.

WITH A REVOLVER

Beautiful Countess in Financial Straits Commits Suicide.

Paris, April 17.—The Countess de Jotemps committed suicide by shooting with a revolver, in this city. The countess was a Russian, 27, and a woman of much beauty. She was married two years ago against the wishes of her parents to Count Jotemps. The couple were continually in financial straits. Last summer the count was arrested on a charge of pawning jewelry sent him on approval by a Paris dealer. Upon his release the countess went to Russia, presumably with the object of appealing to her parents for aid. Upon her return she appeared despondent, and the fact that her husband was ostracized by society added greatly to her anguish, and it is believed helped to unhinge her mind.

Y. M. C. A. MINSTRELS

"Tambo" and "Bones" are getting their costumes on and are picking up some fresh jokes. "Tambo" says there will be plenty doing and "Bones" says what there will not be "doing" will not be worth recording.

The Y.M.C.A. minstreis is the latest amusement enterprise to be boosted and "Tambo" and "Bones" are to take a principal share of the honors who they are will be announced later.

The show will be given for the benefit of Taylor Hall and to raise funds for the redecoration and adding a bit of cheerfulness to the appearance of the hall. The exact date is not announced but it is assured that the event will be early in May. Rehearsals are now going on. The choruses are being directed by Prof. Walter W. Flora and the 21 voices promise a rare treat. One of Newark's foremost ex-theatrical men, better known as "Rosey," will have complete charge of the first part of the comedy. Further announcements will be made later by "Tambo" and "Bones."

AT THE ORPHIUM.

The Bensons' novelty musical act is creating considerable comment in the city, due to the beautiful music produced from the unique instruments used by the musicians. Their paraphernalia is very elaborate and occupies the entire stage of the theater. Several of the instruments are patented by the inventor Mr. Benson. The cake walk of the Anderson children is most graceful, and the burlesque by the tall Irishwoman and the tiny Jew is laughable.

Mr. Beauregard as the squire in "The Country Judge," is making a distinct hit, and deserves the hearty applause he receives nightly. Mrs. Beauregard is good in her down East dialect, and Miss Mercedes is still keeping the crowds guessing as to the exact quality of her voice, which she uses in song but once during each performance. The company in its entirety is as good as any that has come to the Orphium this season.

A BIG MEETING OF THE NEWARK ELKS

AT WHICH FIVE NEW CANDIDATES WERE ELECTED INTO THE ORDER.

Roast Pig Banquet was Served Which Concluded the Impressive Ceremonies.

Newark Lodge No. 331, B. P. O. E. held a red letter meeting on Tuesday night at which five candidates were elected to membership and several others were proposed for membership and their names referred to committee. A class of five candidates was also elected and the work was done by the newly elected officers and team and under the new and beautiful ritual. The excellence of the work was highly commented on and Exalted Ruler George Hermann and the other officers received much praise for the excellent manner in which they did the work. Quite a number of visiting members were present from various lodges throughout the country. After initiation a fine banquet served by Caterer J. S. Kuster, the chief piece de resistance of which was a large roast pig with an apple in its mouth, was served. A general good time was had by all who were present.

WING POINT COLLAR TIPPERS.

One of the mandates of fashion is that a man to be properly attired either for business or for semi-dress occasions must wear a wing point collar. By the former method the point of the collar was extremely hard and brittle, causing it to crack by the turning process. With our wing point tipper however, it is different. In connection with our dampener and turner, breaking a point is practically impossible. Therefore, it saves collars.

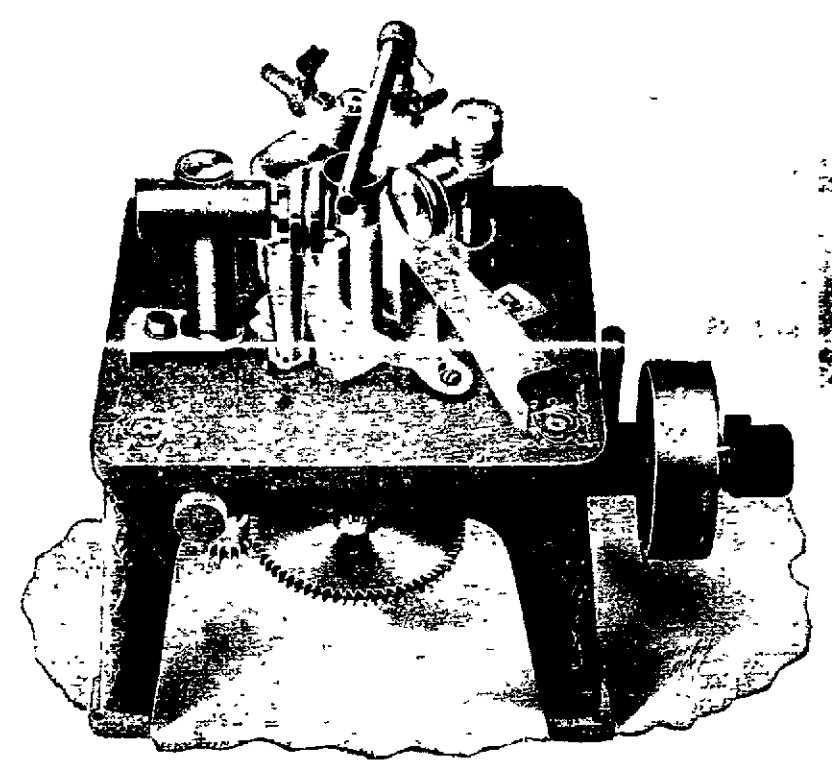

COLLAR DAMPENER.

Of all the "Monumental Trifles" or of all the "big little things" that have been devised for improving the work in the collar department we believe the edger and dampener heads the list. Our collar department contains every modern appliance of recognized merit. If you are skeptical buy a dozen collars, send them to us and we will date them and convince you that our claims are reasonable.

COLLAR EDGER.

FOLD COLLAR SHAPER.

No collar department is complete without a fold collar shaper. Reduces the wear and tear and shapes them perfectly. This machine with latest improvement has only been on the market 60 days.

OUR DETERMINATION

to do better work and give better service than you can get elsewhere in Newark knows no bounds. We have just installed the above new and up-to-date machines in our collar department. Our efforts and expenditure of money is certainly worthy of a trial bundle. Drop us a card or phone us. If your work don't please, don't pay.

THE LICKING LAUNDRY COMPANY

ELLIOTT HARDWARE STORE BADLY DAMAGED BY FIRE

Thousand Dollar Loss Caused by Flames Which Broke Out in Stock Room on Second Floor--Mme Stewart's Parlors Damaged--Loss Fully Insured.

A fire Tuesday night, origin unknown, which was discovered in the rear of Mme. Stewart's Parisian millinery and manure parlor, over the Elliott hardware store, West Main street, came near resulting in great damage. But for the careful direction of Chief Bausch and his fire ladders from Central station, the entire building, including the old Opera House block, adjoining it on the west would have been destroyed.

The fire alarm was turned in at 7:50. Upon the arrival of the fire companies a fierce blaze was shooting from an east window on the second floor. The small room, to the rear of the manure parlor, is used by the Elliott company as a stock room and was filled nearly to the ceiling with crated and loose window screens and screen doors, thus making it almost impossible for the firemen to find their way in the room. This entire apartment was ablaze and the flames constantly spreading as a new bundle of painted screens would ignite. Prompt action and a good play of water on the blazing stock got the flames under control.

A gas man named Woodyard, with the assistance of an electric flash light and accompanied by a reporter, forced his way through a stairway leading to the third floor where he discovered an additional volume of smoke pouring forth. The doors at the head of the stairs were double bolted on the inside and the men were forced to get back down the stairway which was thick with smoke. By this time a squad of firemen had reached the third floor from the fire escape on the outside. Quite a blaze was found working its way through from the second floor, but this was quickly controlled.

Mme. Stewart, who occupies the front of the second floor was apprised of the fire by a shout from the alley below. Upon looking out of one of the windows of her rooms she discovered that the blaze was playing at the rear of the building. She at once opened the double doors leading into the rear room of her suite and was driven back by a rush of smoke coming from the room beyond which is also connected by double doors which are always kept locked and separate from her apartments. This second

set of doors was ablaze and the roar and crack of the flames set the woman in a nervous state that makes it seem almost miraculous that she did not attempt to open the doors connecting with the storage room, which, had she done so, would have started a draught which would probably have resulted in the complete destruction of her belongings. As it was her loss is estimated at about \$250 in furnishings and millinery stock.

The Elliott stock was damaged to the extent of about \$1000 and is covered by \$10,000 insurance in companies represented by E. Cary Norris, M. J. Reese and H. D. Murphy agencies. The Ohio Hardware Mutual company of Coshocton, carries \$3000 of this risk.

NARROW ESCAPE.

William Firegan had a close call from a serious accident Tuesday night. He was on his way home, pushing a cart loaded with long ladders, and when just east of the Pan Handle tracks, the East End fire company, on its way to the fire, came swooping down on him. He barely had time to jump to one side and save himself when the horses crashed into his push cart, smashing it and breaking the ladders. It was a close call.

FIRE FROM PATROL BOX.

The value of the new patrol system

was again demonstrated Wednesday morning when Officer Scott, in making his rounds, discovered a fire in the rear of Long's department store on the South Side. In some unexplainable manner the cellar door and the casing around it had taken fire. The officer sent in the alarm over the patrol lines and Chief Bausch and one of his men armed with a chemical quickly repaired to the scene and extinguished the fire. Had not Officer Scott discovered the fire when he did a serious conflagration might have ensued.

HOME FOR AGED

Granville, O., April 17—Miss Eva Winters of New Philadelphia, who is attending school at Delaware, visited with her friend, Miss Myra H. Shepherd at the Home for the Aged from Saturday until Monday.

As new life comes into nature so it does into the lives of the members of the family when they are able to get out into the beautiful sunshine. All are able to be out when the weather permits.

Miss Share, who has been sick for some time is now rapidly improving. Mrs. Eliza Herr of Dayton is a new member of the Home. She came last week. She is the widow of the late Rev. William Herr of the Methodist Episcopal church, and is 85 years old. She is a lovely old lady, worthy of the care the church will give her in the Home for the Aged.

A member of the family will be going away soon for a visit with friends and will be absent the greater part of the summer.

Miss Myra Shepherd and sister, Jennie, who has been sick, leave Wednesday for Herrington, Kansas. They go to Cincinnati and from that place to St. Louis by boat, thence to their destination by rail. This will be a much needed rest for both, as they have given themselves unreservedly to their work for over six years.

FATHER O'BOYLAN'S HAPPY SURPRISE

Pupils of St. Francis de Sales Schools Handsomely Remember Pastor's Birthday.

Rev. Father B. M. O'Boylan, pastor of the St. Francis de Sales church of this city, was the recipient of one of the greatest surprises of his life on Sunday, the occasion being the anniversary of his birth. Sunday when Bishop Hartley and the visiting clergy entered the dining room of the parsonage for lunch the Rev. Father O'Boylan failed to notice the handsome new sideboard standing in the room until his attention was called to it. He was unable for a moment or two to comprehend the significance attached to the matter, when it finally dawned on him that it was his birthday, and investigation revealed that the sideboard, which is of solid oak, with heavy plate glass, was the gift of the pupils of the St. Francis school. The Reverend Father was almost overcome with emotion, and for the time was unable to testify to his appreciation of the gift. Wednesday afternoon at 2 o'clock, however, he called at the schools, and made the pupils a happy little talk, in which he took occasion to thank them for their handsome gift.

SKIN DISEASES

HUMORS IN THE BLOOD

When the blood is pure and healthy the skin will be smooth and free from eruptions or disease; but when the blood becomes infected with some unhealthy humor the effect is shown by rashes, eruptions, boils and pimples, or some other annoying skin affection.

The skin is provided with countless pores and glands which act as a drainage system for the body of impurities which are constantly passing through these little tubes with the perspiration. There are also other glands that pour out an oily substance on the skin to keep it soft and flexible. When the blood becomes filled with humors and acids these are thrown off through the pores and glands, burning and irritating the skin and drying up the natural oils so that the cuticle cannot remain in a healthy condition.

These humors find their way into the blood through a disordered or deranged condition of the system. There is a certain amount of waste or refuse matter collected in the body each day. This is useless in nourishing or keeping the system in health, and nature intends that our eliminative organs shall remove it in the course of their daily duties. As long as these members perform their duty properly the blood remains pure and free from infection, but when from any cause they become dull or sluggish in their workings this refuse or waste matter is left to ferment and sour and be absorbed into the blood in the form of unhealthy humors.

The blood in its effort to rid itself of this foreign matter begins to throw off the humors and acids through the pores and glands of the skin. These coming in contact with the delicate tissues and fibres with which the skin is so abundantly supplied, produces irritation and inflammation on the surface and Eczema, Tetter, Acne, Salt Rheum, Psoriasis or some other troublesome and disfiguring skin disease is the result.

The treatment of Skin Diseases with salves, washes, lotions and other external applications is not in harmony with the character of the trouble. True such treatment relieves some of the itching and discomfort, and aids in keeping the skin clean, but it cannot reach the blood where the real trouble lies, and is, therefore, at best only palliative and soothing.

S.S.S.

PURELY VEGETABLE

goes down to the very bottom of the trouble, expels all foreign matter, regulates the entire system, enriches and strengthens the blood, and thereby cures Eczema, Tetter, Acne, Salt Rheum, Psoriasis and every other form of skin disease. Do not expect to cure a disease that has its origin in the blood with local applications alone, but begin the use of S. S. S. and when you have removed the real cause the skin will be free from disease. Special book on Skin Diseases and any medical advice desired will be sent free to all who write.

The Joys of Relic Hunting.

Quite apart from the beauty and intrinsic worth of such things, it is astonishing on looking back on one's experiences of collecting to realize how much pleasure one has got out of even a dilettante quest of antiquities. The exhilarating joy of this treasure hunt, the finding of the treasure, the bargaining for it and the final bearing of it home in triumph, unwrapping it and discussing its beauties and merits, are things which add zest to life. And, as the taste for beautiful old things is more or less an acquired one and can be cultivated, this is a joy in which most people who are fortunate enough to have a little spare cash and a little spare time can share.—London Tatler.

AMERICAN ASS'N. OPENS TODAY

BIG PROGRAM ARRANGED FOR PENNANT RAISING AT NEIL PARK, COLUMBUS.

President O'Brien, Governor Harris and Mayor Badger Take Part in Flag Raising.

The American Association season opens today. The eight teams in this fast minor league will all get down to business in this season's pennant race today, weather permitting, and there promises to be an interesting race.

Columbus is practically conceded as the pennant winner again this season, and the real race seems to be for the second position.

Today Milwaukee is playing the Senators at Columbus, probably Bob Wicker working with Blue in the opener. Egan and Hayes will umpire this game. St. Paul is playing at Toledo, Umpire Sullivan officiating. Minneapolis plays at Indianapolis, Umpires Kerlines and Kane officiating. At Louisville, Kansas City is playing with Umpire Werden in charge.

At Columbus there will be a big feature, President O'Brien being present at the pennant raising. Governor Harris and Mayor Badger will attend the ceremonies and occupy boxes in the grand stand. The pennant is a large affair and will be raised on a pole 135 feet high.

BOSTON'S NEW MANAGER.

George A. Huff, coach at the University of Illinois, has been selected to succeed Cy Young as manager of the Boston Americans. Young has been in charge since Chic Stahl's suicide.

COSHOCTON CLUB IS INCORPORATED

Team There Has Signed Two More Men For That Game With the Newark Team.

Coshocton is still loading up for the game at that place Saturday, April 27 between the Newark O. P. team and the leaguers there. A return game will be played here the following Sunday.

Articles of incorporation have been filed with the secretary of state by the Coshocton Baseball Club and the bugs there now feel that baseball is assured for the summer. The company was incorporated for \$2,000. R. B. Caldwell a banker, and others being named as the incorporators.

Harry Ries of Sebring, and R. B. Caldwell of Coshocton, both being players of ability have signed with Coshocton to play against Newark.

Z. H. S. MAY PLAY NEW LEXINGTON HERE

The Zanesville high and New Lexington high basketball team may soon meet in a game on a neutral floor for a side bet of \$100. New Lexington wagering that Zanesville will not double the score. If the game is played it will probably be some time in the first part of next week and it is probable that the game will be contested on the local Y. M. C. A. floor.

BOWLING LEAGUE MEETS.

The captains and managers of all the City league bowling teams are requested to meet tonight at the Music Hall alleys. Important business will come before the organization and every man is urged to be present.

Cardinal Merry del Val, the papal secretary of state, is said to be one of the most modest of men. He usually drives about in his Old World coach and is said to play an excellent game of golf and can send a rifle bullet through at 10 cent piece at 20 yards.

2 UMPIRES HERE FOR OPENING OF LEAGUE SEASON

PRES. MORTON SAYS TWO MEN WILL BE ON DUTY HERE MAY FIRST.

Canadian Ball Team Will Arrive in Town Tomorrow For Two Big Games.

President Morton in a letter to Secretary Hopkins of the Newark club Wednesday morning, stated that in all probability the double umpire system would be used in the opening game here Wednesday, May 1. The president did not name the umpires who would be assigned to the local club on that date.

The Medicine Hat, Alberta, Western Canada league baseball club, will arrive in Newark Thursday night for two exhibition games, Friday and Saturday. The team tried to cancel its dates with Newark but were held to their contract. Their manager in a letter to the local club stated that their itinerary had been badly confused and that they had cancelled all their games up to the Newark game. They will tour Indiana, Illinois, Wisconsin, Iowa and Michigan, playing exhibition games, and Newark is the smallest city they visit.

The local management has cancelled the game with the Columbus Interurbans, and will play among themselves instead. The team will be divided and a good exhibition contest furnished the local fans. All the local management wants now is a spell of warm weather.

Third Baseman Wratten, has arrived in the city from Cincinnati and joined the squad at Wehrle park Tuesday afternoon.

Mr. T. V. Rutledge received word this morning that the uniforms ordered from A. G. Spaulding & Co., were shipped from the factory today. The local club owners were getting nervous for fear the shipping of the goods would be delayed.

CARD PLAYING.

It Brings to Light Many Curious Phases of Human Nature.

Card playing gives an observer an insight into one of the many curious phases of human nature—the almost universal belief in luck even among educated men of more than average intelligence.

One player I knew well—I must admit he also believed in astrology—absolutely refused to play cards during one special month in each year, because he had reason to believe that that month was unlucky to him. Yet he was one of the most level headed card players I have known and in ordinary matters a man of great common sense.

I was at one time intimately acquainted with a club where the stakes played for were comparatively high and where the players were, with hardly an exception, hard headed men who were keen about winning and who were at the same time a singularly social, kindly and liberal minded body of men.

Among the members was a very pleasant, quiet old gentleman whose only occupation was to spend his days at his club, and especially in its card room.

At the period when I first knew him he had ceased playing cards himself, but was extremely fond of watching other people play. He was the most inoffensive of spectators, never made comments or criticisms and simply amused himself in watching the fall of the cards.

Gradually, however, experience showed or was imagined to show that any player whose cards he overlooked held bad hands with, as it was asserted, an extraordinary regularity.

He invariably asked permission before sitting down beside a player, and the moment the player held bad cards he offered, without being asked, to leave the table, an offer which, I am ashamed to say, was invariably accepted.

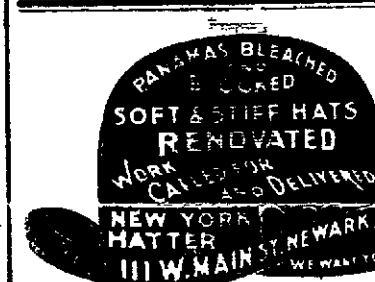

To put the fact plainly, he was taboored from watching card playing because he was supposed to bring ill luck by the mere fact of his vicinity.—Fall Mail Magazine.

American Engineer Arrested.

Nogales, Ariz., April 17.—On the arrival of train No. 1 from Guaymas, Philip Clarke, the engineer, was arrested and thrown in jail on the Mexican side on telegraph instructions from Judge Huacaja at Hermosillo.

Clarke is charged with rebellion. His fireman, Martinez, was also arrested, but released later. American Consul Hickwood is investigating the case. Great indignation is felt here at the action of the judge, which is similar to action taken once before when railroad employees refused to go to work until arrested men were released.

THREE EPOCHS IN A WOMAN'S LIFE

MRS. ELVA BARBER EDWARDS

There are three critical stages in a woman's life which leave their mark in her career. The first of these stages is womanhood, or the change from a care free girl to budding womanhood. The second is motherhood, and the third is change of life.

Perils surround each of these stages, and most of the misery that comes to women through ill health dates from one or another of these important crises.

Women should remember that Lydia E. Pinkham's Vegetable Compound made from native roots and herbs has carried thousands of young girls over the critical period of puberty, and in later years carried them safely through the change of life, moving successfully than any other remedy in the world. Thousands of testimonials from grateful persons, two of which are here published, substantiate this fact beyond contradiction.

Mrs. George Walters of Woodlawn, Ill. writes:

Dear Mrs. Pinkham:—

"I feel it my duty to tell you of the good Lydia E. Pinkham's Vegetable Compound has done me in preparing for childbirth. After suffering and losing my children a friend advised me to try your valuable medicine, and the result was that I had very little inconvenience, a quick recovery and

as healthy a child as can be found anywhere. Lydia E. Pinkham's Vegetable Compound is a blessing to all expectant mothers."

Cathlamet, Wash., writes: Dear Mrs. Pinkham:—

"I want to tell you how Lydia E. Pinkham's Vegetable Compound carried me through the critical period of the Change of Life without any trouble whatever, also cured me of a very severe female weakness, I cannot say enough in praise of what your medicine has done for me."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Walters and Mrs. Edwards it will do for other women in their condition. Every suffering woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and helpful.

Bridgeport, O., April 17.—While a squad of 10 Hungarians employed at the Red Bird mine, north of here, were walking along a road near the village of Rayland, they were fired upon by an ambushing party. John Wysinski was shot dead and Sam Wysinski was fatally wounded. The others fled and secured help. When a posse reached the spot the assailants were gone. There is no strike trouble at Red Bird, it is said, but there is a strong prejudice among Americans against all foreigners, and it is believed that race hatred caused the shooting.

Increased to Half Million.

Columbus, O., April 17.—At a meeting of the stockholders of the Ohio State Life Insurance company the capital stock was increased from \$100,000 to \$500,000. Lewis C. Laylin, former secretary of state of Ohio, was elected a director and first vice president of the company, vice H. P. Angell, resigned, and Carmi A. Thompson, secretary of state, was elected a director. Charles R. Mayers, president of the New First National bank of Columbus, was elected treasurer, vice W. F. Janeway, deceased.

To Reopen Gilman Case.

Dayton, O., April 17.—Charles H. Krumler, former county prosecutor, has been engaged to prosecute a further investigation into the murder of Dona Gilman, and it is stated that he will cause the arrest of Mrs. Gilman, mother of the dead girl, and possibly Fayne and Collins Gilman, all of whom were arrested previously and bound over, but against whom the grand jury, after an exhaustive inquiry, returned no indictments.

Deed of a Vandal.

Coshocton, O., April 17.—Three fine fruit orchards in the vicinity of Fresno, this county, failed to bud out this spring. Investigation has shown that some one had bored holes in every tree, inserted some kind of a poisonous fluid and then plugged up the holes with sassafras. The grand jury is investigating this matter, and it is believed an indictment will be returned against a well-known farmer.

Was Consul to Nuremberg.

Canton, O., April 17.—Word was received in Canton of the death of George E. Baldwin, consul to Nuremberg, Germany, in a hospital at New York. Baldwin was appointed to the consulate by the late President McKinley. He was one of the most intimate friends of McKinley and nominated McKinley for his first public office, that of prosecuting attorney of Stark county.

Ten Years for Reaching In.

Springfield, O., April 17.—William Franklin, who reached through a broken pane of glass and stole \$11.60 from a table in the house of William Lawson, was given 10 years in the penitentiary. His defense was that it was not burglary, inasmuch as he did not break in.

Directors Elect Officers.

Columbus, O., April 17.—The stockholders of the Columbus, Delaware & Marion Railway company held their annual meeting here. The following directors were elected: John C. Webb, Springfield; George H. Holzog, Jeffersonville, Ind.; O. M. Gotschall, Dayton; M. A. Catrow, Miamisburg, and H. B. Hane, Marion. The directors organized by electing the following officers: John C. Webb, president; O. M. Gotschall, vice president; M. A. Catrow, treasurer; H. B. Hane, secretary.

Boosting Burton.

Cleveland, O., April 17.—James H. Cassidy, secretary to Congressman

Burton, said he receives many letters from various parts of the country saying Burton ought to be the Republican candidate for president in case Taft is not nominated. "I am surprised at the strength he is showing," said Cassidy, "without making any effort to get support."

Woman in Tears.

Cleveland, O., April 17.—Mrs. Lydia Emmons has been crying for more than 100 hours in the county jail. Mrs. Emmons was sentenced to serve 18 months in the penitentiary in an alleged "white slave" case. The victim was her 14-year-old niece, Rose Carter, now in the city hospital.

Purchased Perring.

Toledo, O., April 17.—President Armour of the Toledo American association baseball club purchased Third Baseman Perring from the Cleveland club. Perring is at present in St. Louis with the Cleveland team, but is expected to arrive here in a few days.

Insurance Men Indicted.

Ellyria, O., April 17.—Members of the Lorain County Underwriters' association were indicted by the grand jury, which was investigating the association about a week. It is charged that the association violated the Valentine anti-trust law.

Return to Work.

Lorain, O., April 17.—More of the original strikers at the shipyards returned to work and the strike is practically over. Company B. O. N. G., which has been ready at its armory for riot call, was dispersed.

Stop Drinking!

Orrine Will Destroy All Desire for Whiskey or Beer.

A Michigan druggist, H. G. NOTICE TO BLACKSMITHS

Every Journeyman Blacksmith in the city is requested to be at Labor Hall, over Maybold's shoe store, at 7:30 o'clock, Thursday evening, April 18. John A. Donahue, A. F. of L. Organizer.

THE APPOINTMENT OF MR. J. C. HURT

Cannot be Made to the Police Force Because of Technicality of the Law.

J. C. Hurt, chief of the squad of private police at the Wehrle plant, is up against a peculiar state of affairs. He is a candidate for appointment on the city force, has passed an excellent examination, yet he is ineligible and cannot be appointed for a year yet. The statutes, intended to protect the citizens against the appointment of persons not residents in the city, in this case is working a hardship.

Several months ago Hurt took the examination and made application for a job on the city police force. He passed the examination with a high percentage and his name was placed on the eligible list.

When Officer Holly Jamison resigned last week, Mayor McCleary picked J. C. Hurt from the list of eligibles and was about to favor him with the appointment when it was discovered that he was ineligible.

At the time of the examination, Hurt was a resident of the city, living on Poplar avenue, South Newark. A short time ago, he removed to Maple avenue, and it happens that his home is just outside the city limits, thus making him ineligible.

It will be a year now before he is eligible to make application for the job, and then he will have to go through the examination again. If he passes, he will be placed in the eligible list and will then have to wait until there is a vacancy on the regular force before he can be appointed. There is no way whereby the man can be placed on the regular police payroll.

CHIEF WITNESS HAS DISAPPEARED IN THE COLUMBUS BRIBERY CASE

Nelson A. Cannon and Wife, It is Said, Have Left Columbus for Parts Unknown

Further Investigation Has Been Postponed—Dona Gilman Murder Case—Vandal's Deed in Coshocton County—Other Important Ohio News.

Columbus, O., April 17.—Nelson A. Cannon, former Columbus superintendent of the Cleveland Trinidad Paving company, failed to appear in court, and all efforts to locate him have been futile. The case of H. C. Lang, Columbus representative of the Cleveland Trinidad Paving company, indicted on the charge of giving a bribe of \$250 to former Assistant City Engineer Arthur Beck, the first of the bribery cases to be tried, was adjourned on account of the absence of Cannon. Cannon's wife, who is also an important witness in the cases, is said to be with him.

It is said, by many who claim to have positive assurance, that Cannon has fled from the city, taking his wife with him, and will not return. The absence of the Cannons, who are wanted as chief witnesses against Lang, was officially reported to the court after the selection of a jury had been completed.

THE APPOINTMENT OF MR. J. C. HURT

Cannot be Made to the Police Force Because of Technicality of the Law.

J. C. Hurt, chief of the squad of private police at the Wehrle plant, is up against a peculiar state of affairs. He is a candidate for appointment on the city force, has passed an excellent examination, yet he is ineligible and cannot be appointed for a year yet. The statutes, intended to protect the citizens against the appointment of persons not residents in the city, in this case is working a hardship.

Several months ago Hurt took the examination and made application for a job on the city police force. He passed the examination with a high percentage and his name was placed on the eligible list.

When Officer Holly Jamison resigned last week, Mayor McCleary picked J. C. Hurt from the list of eligibles and was about to favor him with the appointment when it was discovered that he was ineligible.

At the time of the examination, Hurt was a resident of the city, living on Poplar avenue, South Newark. A short time ago, he removed to Maple avenue, and it happens that his home is just outside the city limits, thus making him ineligible.

It will be a year now before he is eligible to make application for the job, and then he will have to go through the examination again. If he passes, he will be placed in the eligible list and will then have to wait until there is a vacancy on the regular force before he can be appointed. There is no way whereby the man can be placed on the regular police payroll.

Burton, said he receives many letters from various parts of the country saying Burton ought to be the Republican candidate for president in case Taft is not nominated. "I am surprised at the strength he is showing," said Cassidy, "without making any effort to get support."

FIRST ANNOUNCEMENT OF NAMES OF YOUNG LADY CONTESTANTS

People Anxiously Awaiting Names and Saving Coupons for Their Favorites--Send in Applications Tonight or in the Morning--Further Details of Great Contest

Everybody is talking about the Advocate's Jamestown Exposition-Washington-New York voting contest and naturally the young ladies of the city and county are taking special interest.

Tomorrow the names of the contestants will be announced and the voting will begin. Every coupon clipped from the Advocate may be voted for the reader's favorite candidate provided the ballot is cast before the time limit printed on each coupon. Besides these ballots taken from the paper, "specials" will be issued on paid in advance subscription.

down the historic Potomac river on a steamer. They will remain a full week at the Great Exposition, and will be cared for in first class style. The young woman getting the highest vote in the whole ten districts will name the party's chaplain and with her will enjoy a great trip to New York after seeing the exposition. The Advocate will have representatives along to look after the pleasure of the paper's guests and to pay all the bills.

A young woman with a little energy can become a member of this jolly party. The contestants will find that their friends will rally to their support and that it will be easy to win. Now is the time to enter on the "ground floor." Start tomorrow.

The Advocate's Jamestown Exposition Contest APPLICATION BLANK

I am a resident of County and wish to enter THE ADVOCATE'S Contest from District No. which is my place of residence. I fully understand the rules and conditions governing the same, which I agree to comply with.

for both old and new subscribers. Those who pay for six months subscription in advance may cast 300 votes, those who pay for 12 months in advance for the Daily Advocate may cast 1000 votes. A year's subscription to the Semi-Weekly carries with it 100 votes and a two year subscription is worth 300 votes.

The Advocate is very proud of the class of young women who have given their names as contestants and many others who have made inquiries about the contest are just on the point of entering. It should be said that those who are early in the contest will have an advantage, so it behooves all to get an early start. Telephone your names to this office so that application blanks may be sent to you, or better still, clip out the blank application on this page and fill it out and secure the signatures of two reputable citizens of your district. The Advocate must know who the contestants are and they must be vouched for by reputable citizens. Of course, the Advocate reserves the right to reject any applicant, but this paper is happy to say that only young women of the most estimable character have entered the contest. The list of entries so far is not large, but the quality makes up for the quantity, and there is no doubt about many others coming into the race.

Tomorrow the first names will appear. The people are anxiously waiting to see the names of the candidates, and many are saving their coupons which they will vote for their favorite candidate. Others have said that they will pay in advance on their subscription accounts and many who have not been reading the paper have declared that they will quickly subscribe if certain of their friends enter. The young women who are feeling among their friends have all found that support will be readily and gladly given and that the work of securing votes will be real pleasure. The candidates will be invited to come to the office to see the method of book-keeping. All ballots will be preserved, and each is so checked that absolute fairness can only be employed.

If you have been considering this matter and have not definitely decided, do so tonight or in the morning, and send in your application blank properly indorsed. Those whose names appear tomorrow will have a flood of ballots, the following day. The vote given each candidate will be announced next week.

There are ten districts in the county—six of which are in the city. East Newark is divided into two districts. The central part of the city, south of Locust is another. The West End is divided into two districts, and the North End into one. There are four districts in the county. The prospectus which will be furnished all applicants gives the definite boundary lines and the rules governing the contest. The rules are simple.

The Advocate's party will go this summer in a Pullman car to Washington, spend a day and night there, taking in the sights of the National capital, and then have a daylight ride

If you doubt your ability to win, talk with a half dozen of your friends and solicit their support. Five out every six of your acquaintances will gladly promise to help you. That will make the work easy and delightful. Now is the time. The list appears tomorrow. Have your name on the list.

SANITARY CARPET CLEANING.

There is only way you can possibly get the dust and dirt from under your carpets—TAKE THEM UP. Disease germs thrive in dirt and dust, and a method that merely cleans the dust from the top of the carpet should be shunned, for the dirt remains under the carpet, consequently your floor and paper are in an unhealthy condition.

We take up your carpets, apply 80-pounds of compressed air to the square inch on both sides of the carpet. Result, a perfectly clean carpet. Phone us and our wagon will call. Frank Mylius, compressed air carpet cleaner, 100 Moul street. 17ws2t

THE PRESBYTERY CLOSED SESSION TUESDAY NIGHT

WARSAW CHOSEN AS THE PLACE OF MEETING NEXT FALL

Time of Installation of Johnstown Pastor Fixed for May 2—Transfers and Appointments.

The meeting of the Zanesville Presbytery closed here Tuesday evening with a symposium on the recent evangelistic campaign in Zanesville. The pastors delivering the addresses were the Revs. Alsop, Dickinson, and Ross. It was decided to hold the fall session of the Presbytery in the Rev. Lewis Kiehl's church at Warsaw, O.

At the Tuesday afternoon session the Rev. Mr. Aldridge of Harrisonville, Ohio, announced that he had accepted a call to Johnstown, O., and the Presbytery fixed the time for his installation. This will take place on May 2. W. F. Evans of Mt. Vernon road, was elected a trustee of the Presbytery for a term of six years.

The board of Home Missions, to which was referred the Rev. G. W. Applegate's resignation from the Frazesburg church, reported Tuesday afternoon that the resignation was accepted and that he will be transferred to the Fairmount church. This gives the Newark pastor the Hanover and Fairmount charges.

The Rev. Mr. Thomas, father of Mrs. Milton Smith of East Church street, addressed the meeting and his name was added to the roll.

Reports from the various committees showed the association to be in splendid prosperity and the work of the year bringing good results.

Music at the closing session was under the direction of Prof. W. W. Nussbaum, who sang a solo.

The delegates departed Tuesday afternoon and Wednesday morning.

CARE OF CHAMELEONS.

How These Little Creatures Can Be Kept Alive For Years.

Chameleons can be kept alive for years by making a frame to fit over a plant in a flowerpot and covering it with mosquito netting, which must be long enough to tie with a string about the pot. Keep the pot in the sunniest window and water the plant every day through the netting. You will be surprised to see how eagerly the little creatures will drink the running water after they get over their fear. Set a wire fly trap for flies, which you can liberate under the netting. The chameleons will not be backward about helping themselves.

In winter they do not require much food, but will relish a meal worm occasionally on sunny days. Meal worms can sometimes be got at the grain stores for the asking or can be purchased at the bird stores, or small spiders can be found in cracks and crannies asleep for the winter. They may be frozen stiff if found out of doors, but they revive in a warm room.

Chameleons enjoy a place to sleep in nights and winters. Take a piece of red flannel four inches wide and eight inches long; roll it over a stick as large round as your finger and sew it while on the stick so that it will not come unwound; then slip off and run a wire through it long enough to suspend it from one of the branches on the plant. The chameleon will crawl into this cozy bed and go to sleep.—St. Nicholas.

The Lady of the Lake.

"In the Days of Scott" there are two anecdotes about Sir Walter Scott's children in connection with his poem, "The Lady of the Lake."

One day his daughter was met by James Ballantyne, the publisher, in her father's library and asked what she thought of the poem. She replied that she had not read it and added: "Papa says there is nothing so bad for young people as reading bad poetry."

Scott's son Walter returned from school one day with evidences of having been engaged in a fight. His father asked him what he had been fighting about. He replied that he had been called a "lassie" and had resented it.

A little questioning showed that young Walter's schoolfellows had nicknamed him "The Lady of the Lake," which name the boy did not understand except as a reproach to his manliness.

Many a fellow will stand up for himself, even if he has to lie to do it.

Church Club.

Washington, April 17.—At the fifteenth annual conference of church clubs of the United States a resolution of greeting was adopted for transmission to the international peace congress in session in New York. The resolution reads: "The conference of church clubs of the United States, assembled at the peace cross in Washington, sends greetings to the international congress of peace and arbitration and bids it godspeed in its endeavors to promote the kingdom of peace and good will among men."

Robbed in Paris.

New York, April 17.—With the arrival of the steamer Kron Prinz William it became known that Sidney Smith, the horseman, had been robbed of \$15,000 in Paris. Mr. Smith was traveling with a party of friends, and at a hotel in Paris placed \$2,000 in cash and jewels valued at \$15,000 in a steel box, which he kept in his room. The police of Paris were informed and began searching for a valet who had been employed by the party. They traced him to southern France and were close upon him when they found he had booked passage for New York on a slow steamer. Mr. Smith said that the man was now in this country.

Another Disastrous Fire.

Freeport, Ill., April 17.—The town of Lena, in this county, which has recently suffered to the extent of \$50,000 from incendiary fires, had another disastrous blaze. The town hall, which housed a fire engine and other firefighting equipment, was entirely destroyed. As a result of the fire armed men patrolled the streets for hours.
